L'ETO

SPECIALITY COFFEE

hand-roasted by UNION coffee roastery, London

LOS LAJONES, Panama Boquette, 1750 – 2100 masl, natural process.	v60	chemex
<i>Black:</i> This naturally-processed coffee boasts a velvety body, creamy mouthfeel with butterscotch sweetness and raspberry notes – a real treat. <i>With Milk:</i> Beautifully rich and balanced with chocolaty finish.	7	10
Los Lajones is exclusive to L'ETO.		
LAURINA, COLOMBIA Inmaculada, 1770 – 2040 masl, natural process.	6	9
<i>Black:</i> This medium roast coffee is brimming with sweet and savoury notes, it has light tea-like body with fruity raspberry jam notes and a distinctive miso caramel finish. Due to its low yield and naturally low content in caffeine - usually half of other coffees - it is an extremely rare coffee, which makes it a great late afternoon coffee. <i>With Milk:</i> Because of its delicacy, it has a very soft caramel-like finish.		
L'ETO HOUSE BLEND Ethiopia & Peru,	5	8
Our L'ETO Blend has been exclusively developed for us. Over a period of four months and many tastings, we were able to create a blend that could express how we - as company - feel about coffee. Consisting of 60% Ethiopian Yirgacheffe, which brings in the high acidity boasting fruity notes like cherry and lemon zest. The 40% of the Chirinos co-operative, Peru, creates the body and mouthfeel which brings in a lovely cacao and caramel finish when mixed with milk. Our coffee is ethically and directly sourced from smallholder farmers, helping them develop and thrive as a community.		
DECAF MARABA, Rwanda Abahuzamugambi Ba kawa, 175 masl, washed & sun-dried.	5	8
<i>Black:</i> This medium roast coffee from Rwanda is decaffeinated and has a pleasant tangerine acidity, orange, redcurrant, chocolate tart finish with lingering citrus sensation. <i>With Milk:</i> When mixed with milk its dominant flavours are chocolate and caramel. Who said a good coffee always has caffeine?		

ESPRESSO & MILK

Espresso Double Espresso	2.9 / 3.2
